

Meteorological Situation

A strong high pressure area will remain settled on the North Atlantic while low pressure will stay far east over the East Baltic and Finland. This pressure pattern will continue a NW-erly flow across Orkney. Some weak disturbances could cross from time to time with some (light) rain or a shower. In general weather will be fair and winds mainly limited to moderate, force 2-4. Occasionally like tomorrow and Tuesday, fresh winds force 5, could occur.
