

Orbital Marine Power – Notice to Mariners

Orbital Marine power will be conducting a geophysical survey at the following locations:

- Fall of Warness, EMEC tidal test site
- Westray Firth
- Deer Sound anchorage

Between 12th March to 20th March weather and sea conditions dependent

Survey Vessel – MPC Athenia will be listening on CH11 and CH16

Vessels are requested to always give the survey vessel a wide berth, however the vessel will not be impeded or restricted in ability to manoeuvre.
