

NOTICE TO MARINERS

ORKNEY

1st September 2026 – September 2029

On the 1st September 2029, oceanographic equipment and moorings will be deployed in the vicinity of:

58°51.780N, 2°50.160W

There will be Waverider Buoy (Figure 1) and an NLB PBM30 Guard Buoy (Figure 2) at the site. Both buoys are fitted with a yellow light exhibiting the sequence Fl Y (5) 20 s.

The waverider buoy has a long, semi-floating mooring which will not be visible.

We ask all shipping to keep at least 4 cables clear (800m)
